Writing

A lot of people wonder about the popular proverb "where there is a will there is a way" means. We can use this proverb when we want to refer to a person's strong will power or determination to achieve something, no matter how difficult the purpose is. However, if the person ~~has~~ has a strong desire but ~~he~~ he doesn't have enough <sup>60</sup> courage he won't be successful. In my opinion it is hard to not be afraid of doing something new for everyone. Many people don't succeed because of fear.

For example, the inspirational person for me is Elon Musk, he is a successful <sup>aire</sup> <sup>has</sup> millionaire he <sup>made</sup> a lot of efforts to <sup>50</sup> become such a person.

The key to his success is his strong will power and of course the main reason is his upbringing, his mum never intimidated him he also never

<sup>Q</sup> gave up. His story is a great example of saying "Where there is a will there is a way" <sup>50</sup>

and a good example that all of us have to strive to achieve reach our goal. The phrase "Where there is a will is a way" can be taken as a motivational quote. That's all I wanted to say.
